## Construction Management

---

### SCML Company Introduction

Smart Construction Management Ltd. (SCML) is a boutique company that has established itself as a leader in the Cayman Construction Industry. The company has gained an exemplary reputation consistently delivering high-end residential homes with the finest quality materials and craftsmanship and in 2011 was the recipient of the Governor Award for Design and Construction Excellence.

### THE COMPANY

Smart Construction Management Ltd. (SCML) Considers itself a boutique company that has established itself as a leader in the Cayman Construction Industry. The company's response to market demands for sustainable living and changing technologies are key to our demands for achieving excellence in the construction industry. The company has gained an exemplary reputation through client satisfaction, by meeting commitments of project duration, quality and budget.

### SERVICES

Smart Construction Management services include Cost Planning, Project Management, Construction Management and General Contracting. Additional services can also be provided through our alliance companies to meet the needs of each client. SCML works closely with the client to ensure that the finest quality materials and craftsmanship are provided at the most competitive prices.

Our team is dedicated to providing customers with top value and the best possible service. As a result we enjoy a large volume of repeat business from clients who know that our high standard guarantees them the difference between a good project and a great one. The company is committed to renewable energy systems and has actively promoted sustainability in the Cayman Islands. Smart

Construction Management was the recipient of the 2011 Governor’s award for Design and Construction excellence.
